

Opening Doors to New
Opportunities...

...and Creating
Green solutions

Vintage Tech Recyclers, Inc

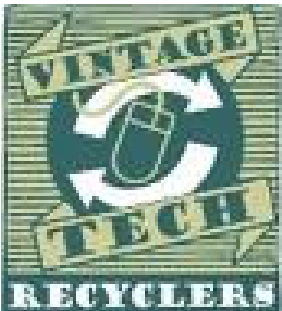

Responsible Electronics Recycling

Who is Vintage Tech?

Vintage Tech is a WBENC & R2 certified company located out of Romeoville, IL. In just five years of business, VTR has grown a client base to nearly 2500 customers in the Midwest and has grown nearly 40% annually. In 2010, Vintage Tech is projecting to process nearly 12 million pounds of e-Waste out of their 20,000 square foot facility.

Our main focus here at Vintage Tech is to provide an affordable solution for all electronics recycling, creating new opportunities, and providing a safe work environment for all employees.

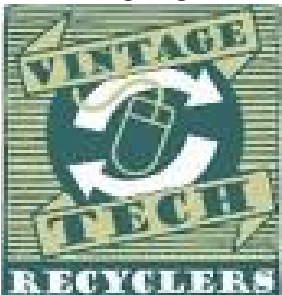

Responsible Electronics Recycling

Responsible Electronics Recycling

Public Act 095-0959

- [Public Act 95-0959](#) State of Illinois has enacted the law in September 2008. The law establishes a statewide system for recycling and/or reusing computers, monitors, televisions, and printers discarded from residents by requiring electronic manufacturers and retailers to participate in the management of excess and unwanted electronic products.
- The new Illinois law has helped Vintage Tech Recyclers establish residential electronics programs state wide.
- **Vintage Tech has earned manufacturer support equal to approximately 9 million pounds from Samsung and the MRM group. 33% approximately of the entire state of Illinois volume goals in 2010**

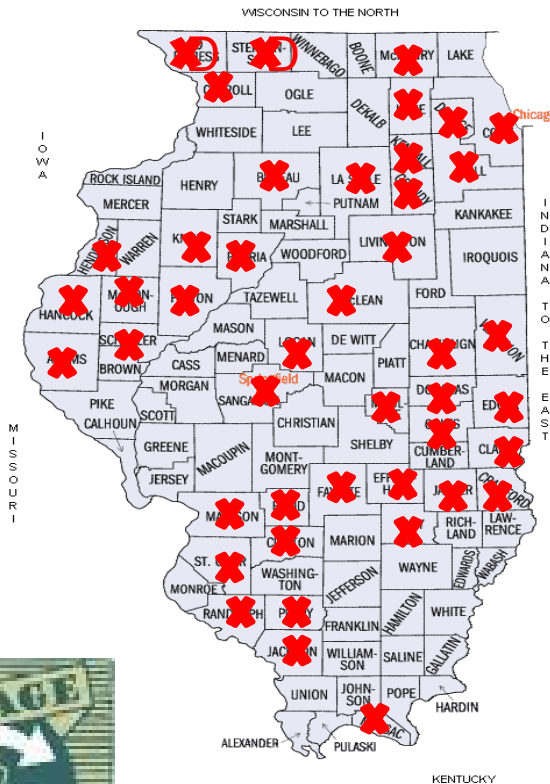

Responsible Electronics Recycling

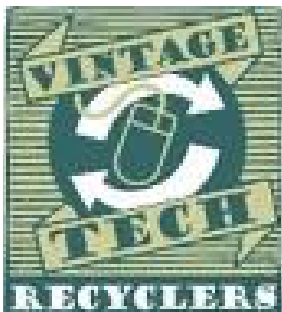

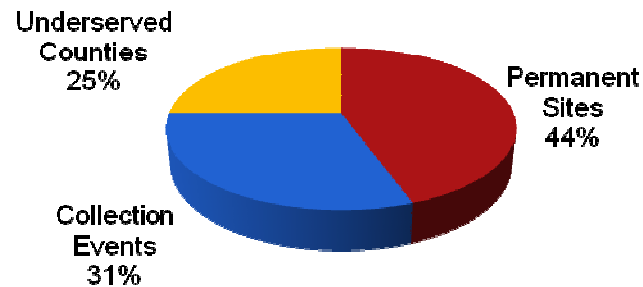

Collection Network

- 50+ permanent collection sites by end of year 2010
- VTR services counties and communities throughout the entire state of Illinois
- Projection of 9,000,000 lbs of consumer electronics to be recycled in 2010

* A Red X represents an area of collection by county.

Vintage Tech Recyclers Consumer Volume Total Projection 9,000,000

Responsible Electronics Recycling

Some new programs

- West Cook County Solid Waste Agency has added 14 new permanent sites to the VTR collection network
- The City of Normal and Bloomingdale Township have both added permanent collection sites to their communities in 2010.
- Champaign County has partnered with Vintage Tech in 2010 and has provided enormous collection events for their residents.
- Special Thanks to all communities and counties for the hard work and great amount of effort put into all of your programs!

Responsible Electronics Recycling
